

## The HIV and AIDS Community Grants Program

# INFORMATION SESSIONS

PEPFAR's HIV and AIDS Community Grants Program offers direct funding opportunities to community-based organizations in districts with South Africa's highest HIV/AIDS burden<sup>1</sup>. The Community Grants Program funds organizations that offer evidence based activities in HIV prevention, care and support; capacity building; reduction of stigma and discrimination; and democracy, governance and human rights as related to the national HIV response. Registered organizations providing any combination of these interventions to key and/or priority populations (populations defined below), people living with HIV (PLHIV), orphans, vulnerable children and youth (OVCY) and/or adolescent girls and young women (AGYW) are eligible to apply.

**Information and application forms can be found at:**

<https://za.usembassy.gov/our-relationship/pepfar/hivaids-community-grants/>

**Application deadline is March 15, 2017.**

The Community Grants Team will hold a number of public information sessions for NGOs, community leaders, and private individuals about this funding opportunity, the application and selection process and the funding timeline. These sessions will also offer basic skill development on proposal writing and a community feedback component. All sessions are free of charge and open to the public. Please consult the chart for the presentation dates, locations and times. Please RSVP and/or direct any questions to:
