NELSON R MANDELA SCHOOL OF MEDICINE**

PANELLISTS

DR SIBONGILE MASHAPHU

is a specialist psychiatrist, lecturer and researcher in the Discipline of Psychiatry at UKZN, with over 20 years of clinical experience in psychiatry and mental health. Her areas of expertise include chronic HIV and Mental health, mental health issues affecting women, such as anxiety, depression, gender-based violence and adverse childhood experiences. She is currently an executive member of the SASOP Women's Mental Health group, a role that allows her to advocate for women's wellbeing. She will be discussing menopause and mental wellbeing.

DR NOMPUMELELO NTSHANGASE-MPANZA

is a specialist obstetrician and gynaecologist at Victoria Mxenge hospital. She is also an honorary lecturer at UKZN's Discipline of Obstetrics and Gynaecology. She is the founder of an NPO that aims to educate the community about women's issues, with a special emphasis on cervical cancer. In this seminar she will describe the common signs and symptoms of menopause.

DR THEV GURAYAH

is an occupational therapist who has been at UKZN since 2009. Thev has a PHD from UKZN. She worked previously at Addington and King George V Hospitals. Her interests are in mental health, occupational therapy education, higher education and occupational therapy. She will be unpacking the functional impact of menopause on daily activities.

FACILITATOR

MS MAUREEN MBENSE

is a Durban-based Clinical-Consulting Psychologist.
