

ASK ME ANYTHING ENGAGEMENT SESSIONS

The UKZN Restructuring process is a huge undertaking. It is based on a new model that will allow for a more effective allocation of teaching resources, bolster research efforts, and streamline programmes. A very clear message from our Vice-Chancellor is that the aim of the reorganisation is about improving structure and efficiencies in the system.

In an attempt to navigate the change together as a CHS family, Professor Busisiwe Ncama- Deputy Vice-Chancellor and Head as well as Professor Fanie Botha- Director of Professional Services will host regular **“Ask me Anything”** Engagement sessions with staff.

These sessions will take place during lunch breaks and will provide a platform for staff to engage with our leaders in a social environment over lunch. The sessions will be held across the 3 campuses of Howard College, Nelson R Mandela School of Medicine and Westville.

To RSVP for the engagement session for catering purposes
